RECALLS NOTE TWICE FOR SLIGHT CHANGES

President Alters Points After Holding Official Conferences.

BRYAN FAVORS DELAY

Report Will Be Made on Nebraskan at Close of Investigation.

By United Press
WASHINGTON, June 7.—After being twice submitted to legal experts in the State Department and twice recalled by the President, the American rejoinder to Germany's reply to the Lusitania note will be held up today. However, according to the statements of officials, it probably will be cabled tonight.

Friends of the administration declare the delay is justified by the desire to eliminate all possibility of quibbling. Others maintain that the delay is caused by the extreme pressure bearing on the administration to have the note allow room for further exchanges without a definite answer to the issues.

It has been learned that Bryan is opposed to the adoption of the air of finality in the note prior to Friday's cabinet meeting and that the President conferred with him privately, telling Bryan why it is necessary that the government take a positive position.

WASHINGTON, June 7.—The State Department has announced that Ambassador Gerard has asked Germany for a statement on the Nebraskan attack. According to dispatches from Stockholm, there is violent cannonading from the direction of Gothland. It is believed that the main fleets are engaged there.

PETROGRAD, June 7.—Three German vessels were sunk or damaged when the Russian transport Yenisee was torpedoed yesterday in an engagement at the entrance to the Gulf of Riga between the German and the Russian fleets, according to an official statement.

The vessels, under the torpedo-boat escort, appeared at the entrance to the gulf Thursday, retiring before the Russian fleet. Later German hydroplanes attempted to bombard the Russian warships but were driven off. Yesterday the Germans attempted to enter the gulf but were repulsed by submarines.

Thirty-two of the Yenisee's crew were saved. The crew numbered 350 men.

By United Press
BERLIN, June 7.—A German submarine torpedoed and destroyed a Russian second class cruiser in the Baltic Sea Friday night, according to an official announcement. The report states that the vessel destroyed was the cruiser Amur.

There is no second class Russian cruiser named Amur. The Amur is a mine layer of the same type as the Yenisee, which Petrograd admits was sunk.

MONEY NO DISTINCTION THERE

Millionaires and Paupers are Comrades in British Training Camps.

By United Press
LONDON, June 7.—The democratic response within the past two months to Lord Kitchener's appeal for recruits was illustrated today in a report from a training camp not far from London. One regiment, typical of others in this camp and other newly-formed camps contains men of the civil rank from millionaire and pauper all working together in perfect accord.

In this regiment the major was a school teacher. The Captain, before enlistment, operated a moving picture theater. Three of the lieutenants are millionaires. One comes from a family operating great cotton spinning mills at Glasgow; another is a member of the best known firm of jam makers in the United Kingdom and the third is of a family that for generations has made England's safes and locks. A score of minor officers are well-to-do London business men. A half hundred privates left incomes running into four figures a year to accept the King's shilling a day. There are artists and painters. There is a sculptor famed in London who is assigned to the "whitewash squad."

Long hours each day this sculptor wields the brush on stables and barracks. His annual income was thousands of dollars a year. Today he pockets \$2.66 a week. In a few weeks more he will march away with his cosmopolitan comrades to shoot at the Germans.

The school teacher-major of this regiment has presented his men with a football. He himself referees the game while picked teams, composed of officers and privates alike, spend hours of spare time at play.

Plan is to Enter Simpson and Floyd in 'Frisco Exposition Meets.

Simpson and Floyd of the Tiger track team probably will compete in the national track meets to be held from July 20 to August 6, in connection with the Panama-Pacific Exposition at San Francisco.

An attempt is being made to send a team of Missouri Valley stars to the coast meets, but Missouri track followers would rather have the Tiger stars compete under Missouri colors if it is possible to finance the plan.

Three national meets will be held this summer at San Francisco. They are: the National Intercollegiate, the Senior National of the A. A. U., open to the amateurs of the world, and the Junior National, open to men who have not won in the senior event. The Missouri men are eligible to compete in all three meets.

THEY WANT HALF PENNY PIECES

Clubwomen Start Agitation—Would Save Money, They Claim.

By United Press
CLEVELAND, June 7.—Clubwomen are behind a state-wide movement, which may become national, having as its object insistence that the government coin half cent pieces. Mrs. Annie L. Motts, chairman of the committee on household economics of the Women's club, and one of the leading agitators of the idea, asserts that consumers get the worst of it in buying small quantities of any commodity that retails for a sum like twenty-five cents, because if they buy half a pound of butter, at 25 cents a pound, they are always charged 13 cents for it.

LOSING RELAY, TIGERS WON FOR WISCONSIN

Victory in Big Nine Meet Hinged on Last Event, Says C. L. Brewer.

M.V. HURDLERS SHONE

Western Conference Men Couldn't Come Near Visiting Leapers.

Missouri's relay team virtually decided the winner of the Western Conference meet at Urbana, Ill., Saturday, according to C. L. Brewer, director of athletics, who told of the meet today.

Chicago was conceded first place in the mile relay, the result of which would decide the winner of the meet. Wisconsin, Missouri, Illinois and Northwestern battled for second honors. Wisconsin, placing second would win the meet. By placing third, Wisconsin would tie Chicago. Otherwise, the meet would go to Chicago.

Wisconsin's anchor man came in second, winning the meet. Niedorp finished third for the Tigers. "And then Tommy Jones and I celebrated," said Mr. Brewer. "For you know if the Tigers couldn't place first, I wanted to see Wisconsin win."

Simpson's Time Really 24 3-5.

Simpson's time in the low hurdles Saturday was 24 3-5 seconds. Differing results for that event were received in Columbia Saturday night.

The meet was the fastest ever run in the West, according to Mr. Brewer. It was a better exhibition, he says, than this year's Eastern Intercollegiate.

The Missouri Valley entrants were the "class" of the hurdle races. The Big Nine schools had nothing to compare with Simpson, Packer, Lighter, and Daggy, the Valley stars. Simpson finished first in both hurdles. He led Packer, the Ames star, by three yards at the finish of the 120-yard race, and Packer was three yards in front of the best of the Big Nine entrants.

Over the low sticks, Simpson led Lighter of Coe by ten yards. Daggy finished three yards behind the Coe College runner. Ward, the Chicago hurdler, did not start in either race, being kept for the dashes. McKeown of Illinois, who won the high hurdles event last year, didn't place this time.

Bad Luck in the Broad Jump.

Simpson was not entered in the 100-yard dash. He took one trial at the broad jump, between the running of the preliminaries and the finals of the high hurdle race, but fell back on his hands, so distance was not measured.

Floyd's flying leap was officially measured at 12 feet 6 1-2 inches, a new Missouri Varsity record and also the best the Tiger star has ever done. He made his best mark in his last vault under the Tiger colors. Floyd's mark Saturday bettered this year's Eastern Intercollegiate record by 3 1-2 inches.

Missouri has entered three relay teams in Western Conference meets and each team has finished third in its event. Teams have been entered in 1912, 1913 and 1915.
